SHOP FOR TIRES ANYTIME

By Using TIREsanytime...

Your store can now be open 24/7. Consumers can shop for tires online from YOU on *their* schedule.

Expand your inventory
Our inventory becomes your inventory!

Capture customers shopping and researching tires online on your website, rather than having them engage competitor and national websites.

Why TIREsanytime?

OVER 80% of consumers do some type of online research prior to an in-store tire purchase.

9% OF TIRE SALES are completed start to finish online.

UPDATED FEATURES of TIREsanytime 3.0

- Redesigned backend set-ups for ease of use
- Price control
 - Dealer preferences
 - Specials

- Enhanced graphic options to better complement dealer websites
- Multiple color combinations available
 - Semi-transparent options for dealers with graphically intense sites

Fully responsive mobile experience for consumers

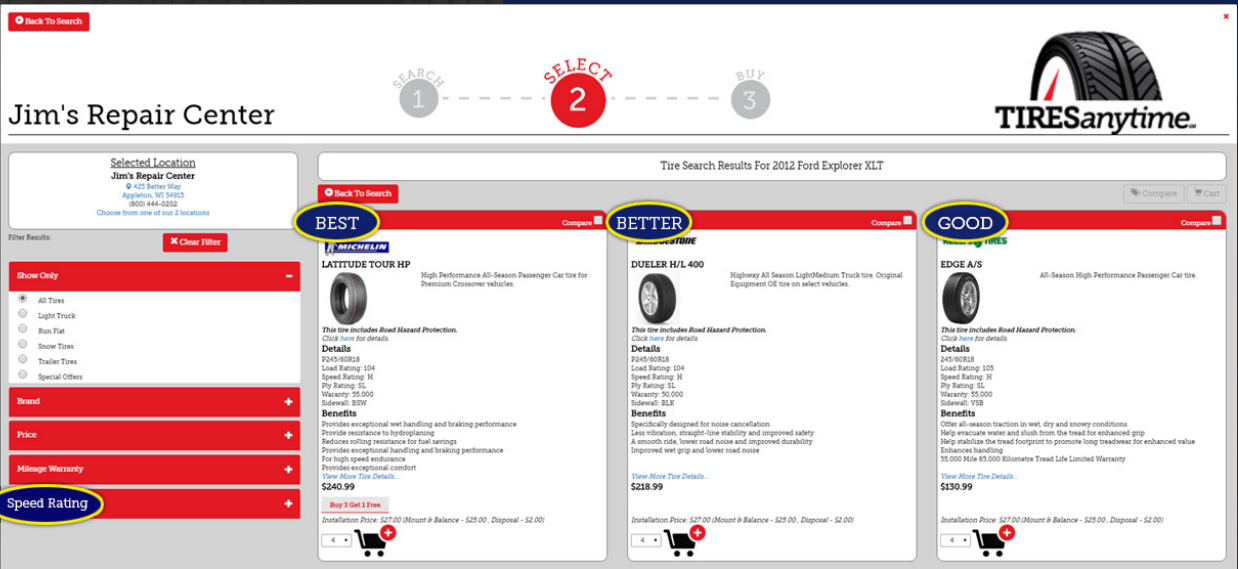

SEARCH RETURN features on TIREsanytime

- Searches the entire inventory of your primary U.S. AutoForce warehouse... our inventory becomes your inventory!
- You maintain complete control of all pricing, specials and installation fees
- Consumers can compare features/benefits of multiple units
- When your customer completes the sale, the ordered tires will be on the next scheduled delivery truck to you

Good / Better / Best options (set by you)
