How to Use the Centric Parts Number System

The Centric Parts numbering system is specifically designed to easily identify both the type of part and, with the exception of friction group products, the type of vehicle the part fits. The Centric Parts numbers follow this pattern:

XXX . XXXXX

For all product groups, the first three (3) digits (**XXX** . xxxxx) are the part number prefix, which identifies the product group. Please refer to the following page for a complete listing of Brake System Product Groups.

With the exception of friction group products, the next two (2) digits (xxx . **XX**xxx) represent the vehicle make. The final three (3) digits (xxx . xx**XXX**) represent the specific part number.

For Friction Group Products, Centric Parts references the industry standard FMSI 'D' number for pads, and FMSI 'Shoe Metal' number for shoes, in its numbering system. Following the same pattern as above, the first three (3) digits (**XXX** . xxxxx) are the part number prefix which identifies the type of friction. Please refer to the Brake System Product Groups for a complete listing. The next four (4) digits (xxx . **XXXX**x) are based on the FMSI 'D' number or 'Shoe Metal' number. The fifth (5) digit (xxx . xxxx**X**) represents a variation in the brake pad design or thickness, or variation of the supplied and/or attached hardware. In the case of shoes, the variation may indicate that the shoes include parking brake levers.

Please see the following examples as a general guideline:

120.66027 This part number is identified as a Premium Brake Rotor (120) for a Chevrolet Light Truck vehicle (66).

141.44174 This part number is identified as a Semi-Loaded Caliper (141) for a Toyota vehicle (44).

106.07860 This part number is identified as an Extended Wear Brake Pad (106) to FMSI D786 (0786) design. Similarly, in the part number 106.07861, the part identifies an Extended Wear Brake Pad for an FMSI D786 but with a thickness variation from the 106.07860.

111.08001 This part number is identified as Premium Brake Shoe (111) to FMSI S800 (0800) design, with a parking brake lever (1).

FMSI® and FMS® are registered trade marks of the Frictions Materials Standards Institute, Madison, CT, U.S.A., and the proprietary part numbering system is owned by FMSI.

Terms and Conditions

This Catalog is intended solely for use by purchasers or potential purchasers of aftermarket automotive products from **Brake Parts Inc LLC** ("Customers").

If you **are not** a current Customer, this notice applies to you:

No part of this Catalog may be reproduced, distributed, disseminated, recorded or utilized in any format, by any means, electronic or mechanical, including without limitation photocopying, scanning, or recording in any information retrieval or storage system, without the prior written permission of **Brake Parts Inc LLC.** In particular, without limiting the foregoing, no part of this Catalog may be incorporated into another work of any kind in any format that catalogs, lists, offers or specifies products not sold by **Brake Parts Inc LLC.**

If you **are** a current Customer, your use of this Catalog is subject to the following Customer Agreement:

By using this Catalog, you agree to be bound by this Agreement. If you do not wish to be bound by this Agreement, then do not use this Catalog, and do not reproduce, distribute, disseminate, record or use any Content from this Catalog.

Content
All information in any medium or format furnished by **Brake Parts Inc LLC** herein, including text, images, data, graphics, links, captions, or other information (collectively, "Content") is owned by **Brake Parts Inc LLC** or our Content providers. All Content is protected by U.S. and international copyright laws. All rights not specifically granted under this Agreement are reserved to **Brake Parts Inc LLC.**

Current Customers may, subject to the terms and conditions of this Agreement:

a) Use the Catalog for your internal use, solely to look up information related to aftermarket automotive products in the ordinary course of business;
b) Use the Catalog to investigate, respond to inquiries from, or to provide quotations, purchase orders or invoices, to your customers; and
c) If necessary, in relation to either a) or b) above and to directly facilitate the sale of **Brake Parts Inc LLC's** aftermarket automotive products, make a limited number of photocopies of one or more pages of this Catalog (but not all or substantially all of the Catalog).

You may not:

a) Deliver, provide access to, directly or indirectly, or otherwise make the Content available to any third parties;
b) Remove any trademark, copyright or other proprietary notices from the Catalog or any Content;
c) Reformat or extract data from the Catalog or any Content, or incorporate the Catalog or any Content in whole or in part into another work of any kind in any format, including, without limitation, any work that catalogs, lists, offers or specifies products not sold by **Brake Parts Inc LLC.**

General
By using this Catalog, you acknowledge that you have read this Agreement, understand it and agree to be bound by its terms and conditions. You further agree that it supersedes any proposal or prior agreement, oral or written, and that it cannot be modified except by signed written agreement by a duly authorized executive of **Brake Parts Inc LLC.** If you do not comply with the terms and conditions above, this Agreement shall automatically terminate, and the notice above directed to non-customers shall apply to you.
